Weathered Wood

It's no surprise more GAF customers have been inspired by the rich tones and neutral highlights of Weathered Wood than any other shingle color. Weathered Wood brings out the ultra-dimensional wood-shake look of our Timberline HDZ[®] shingles exceptionally well.

Sunset shadows, all day long

Dual Shadow Line technology precisely distributes color granules to create two parallel shadow lines, which gives the Timberline[®] UHDZ[™] shingle a thicker, ultra-dimensional wood-shake look than our Timberline[®] HDZ[™] shingles.

Timeless Shingle Colors

Given the investment you make in a new roof or reroofing project—and how long your roof will last—timeless shingle colors are a reliable way to help ensure your home looks elegant (despite changing trends) in the long term. That's why GAF shingles are not only constructed to protect your home for many years, they're also designed to beautify it by mixing durability with classic color design.

CLASSIC AND DISTINCTIVE

Black & Gray roof shingles

Gray is a calming, neutral color sitting between the extremes of black and white allowing to be a great backdrop when combining with other colors. It is the transition of light to dark, giving you the freedom to explore the range in between.

Black is a formal and dignified color that gives a sense of sophistication. As a roof shingle color it is often paired with white homes, but it can provide an elegant contrast to almost any paint, siding, or brick color.
